

Project Landscape Architect Job Description

We are an enthusiastic central London base practice. We are passionate about design and are sticklers for detail. Our current portfolio of work is predominantly within the residential sector, but also includes office & business parks and school projects. Our current projects range from masterplanning to the micro scale, from the concept planning stage through to the on site construction phase of projects.

We would expect the candidate to:

- be degree educated in landscape architecture
- be a chartered member of the Landscape Institute (would consider someone on the P2C programme)
- be accomplished in delivering projects
- have strong design, graphic and technical capabilities
- have experience in producing planning submissions and tender packs of information
- have been employed as a landscape architect for a minimum of 1 year
- be entitled to work in the UK.

We are looking for someone who is able to:

- work as part of a team
- communicate in a polite and clear manner
- listen and respond positively to requests
- motivate themselves
- arrange their thoughts and make useful suggestions
- have good attention to detail
- articulate in written communication

You will need to be able to use following software:

- AutoCAD or Vectorworks
- Adobe Creative Suite (good Photoshop skills essential)
- MS Office
- NBS landscape specification (desirable)
- SketchUp (desirable)
- Revit or BIM compatible software (desirable)

We offer:

- competitive salaries,
- opportunities for career progression
- a company pension scheme and
- a unique office setting
- a good work life balance

If you are interested in joining our team, please submit your CV and portfolio to mail@davisla.com by Friday 21st April 2017.
